# SACHS RANGE UPDATE CDC DAMPERS

## FOR PASSENGER CARS

Rely on the original equipment manufacturer's expertise in your spare parts business and take advantage of the expanding SACHS Continuous Damping Control range.

With around 34 million units produced, the SACHS CDC shock absorber has become one of the most popular products of the brand. This range extension now brings new CDC dampers from the OE to the Independent Aftermarket.

**Choose excellence in every part. Supply SACHS.**

**PROVEN PERFORMANCE  
DESIGNED TO LAST**

## ZF is setting the standard with its electronically controlled damping systems under the SACHS brand to provide:

- The ultimate in driving safety, comfort and dynamics
- Stability even in critical driving situations
- Better control when changing lanes
- Damping force for each wheel adjustable within split seconds
- Reduced stopping distance
- Individually adjustable chassis characteristics.

All of this makes SACHS CDC dampers the solution of choice when it comes to maximum safety, dynamics and ride comfort.

# OUTSTANDING PARTS FOR OUTSTANDING BUSINESSES

## Why choose SACHS parts?

- Made to OE standards
- Premium quality
- Manufactured from high quality materials
- State of the art technology and processes
- True motorsport history and heritage built in.

## Trust SACHS parts for your business

Every year, more than 10 million new vehicles are equipped with SACHS dampers and shocks. SACHS clutches are built on decades of race-winning motorsport expertise, ensuring that exceptional performance and unmatched quality go into every single part produced for both OEMs and the Aftermarket alike.

## The Global Leader

Since 1894, SACHS has stood for excellence; technical supremacy for product quality, innovation and customer service. Today, nothing has changed. Our focus is as clear now as it was then. Part of ZF Aftermarket, SACHS is recognized globally as the leading brand in driveline and chassis components for cars, commercial and rail vehicles as well as agricultural and construction machinery.

## Choose excellence in every part.
